

Dear valued customer, we appreciate your continued understanding and support during the COVID-19 crisis. At Dayville, we are committed to the safety of our employees, our customers, and our community. We are closely monitoring the current situation and are following guidance from the CDC, WHO, and our state and local public health officials.

Due to the increasing volume of traffic in the store and the challenges that is presenting with providing proper distancing between customers and staff, we would like to inform our customers that effective Saturday March 28th we will limit access to the store. We are accepting phone or e-mail orders for pick up, and continue to offer our delivery service on weekdays.

Our store will be fully staffed to answer phone calls and any questions you may have, take orders, prepare orders for pick up, and load vehicles. However our store will not be allowing any non-staff members inside.

We understand that this may be an inconvenience for some however we are trying to keep the safety of our staff and customers as our first priority. We are also doing our best to adhere to the restrictions in place for the next two weeks while still providing our customers full access to needed supplies.

Everything in the store and warehouse is still available for purchase. Please call at least a half hour in advance so that we can prepare your order. Cash and check payments can be facilitated. However, we are encouraging card payments if at all possible to help maintain a more expedited process in filling orders.

Thank you for your continued support, understanding and patience as we navigate this unique time.
